## Media Fact Sheet

**About IAMAT**

- We've been keeping travellers healthy since 1960.
- We provide advice on vaccines and health risks for all countries.
- Travellers have access to our Medical Directory of reputable English-speaking doctors and mental health practitioners.
- Our travel medicine scholarships improve healthcare abroad.
- We are a registered charity in Canada and the USA. All donations to IAMAT support programs that keep travellers healthy.

**Our members**

- Anyone can become an IAMAT member.
- Membership is free for the first year and renewable with a donation.
- Our members come from all over the world. The majority are Canadian and US travellers.
- IAMAT travellers span a variety of ages. Some have used our services for decades while others have just discovered us.
- Typical travel styles include independent leisure, visiting friends and relatives, cruise, adventure/expedition, and resort/tour group.

**Topics we cover**

- Travel vaccines (required and recommended)
- Pre-travel health planning
- Post-travel health concerns
- Travel health insurance
- What to do if you fall ill abroad
- Infectious diseases (including Malaria, Schistosomiasis, and Chagas)
- Insect bite prevention
- Travel and mental health
- Personalized travel health advice

## FAQs

- *Is IAMAT a travel health insurance company?*
  - No. We are a non-profit organization dedicated to travel health.
- *Is IAMAT involved in medical tourism?*
  - No. IAMAT does not coordinate services for patients who choose to have elective healthcare procedures or surgeries done abroad.
- *What is travel health?*
  - Travel health is about awareness and prevention. There are three phases to consider: Pre-trip preparation, staying healthy during your trip, and post-trip follow-up. IAMAT specializes in providing pre-trip travel health advice and helps travellers access qualified medical care around the world.
